

Mohit Kuril

Software Engineer | Full Stack Developer

mohitkuril5@gmail.com | +91 7794086714 | Hyderabad, Telangana | LinkedIn: linkedin.com/in/mohit-kuril-84884926b | Portfolio: mohitkuril.xyz

PROFESSIONAL SUMMARY

Software Engineer with 4+ years of experience building dynamic, responsive, and scalable web applications. Strong frontend foundation in ReactJS, Next.js, TypeScript, JavaScript, Redux, Tailwind CSS, Mantine UI, and Micro Frontend architecture, with hands-on experience integrating REST APIs and developing backend services using Python and FastAPI. Experienced with SQL, PostgreSQL, MySQL, and MongoDB, Git, CI/CD workflows, performance optimization, and translating Figma designs into production-ready interfaces. Focused on clean code, maintainable architecture, responsive UX, and continuously growing into full-stack engineering.

WORK EXPERIENCE

Front-End Developer | SignalX

May 2025 – Present | Hyderabad, India

- Develop dynamic, responsive, and high-performance web interfaces using ReactJS, Next.js, TypeScript, JavaScript, HTML, and CSS.
- Implement Micro Frontend architecture to build modular applications and support independent development and deployment of application modules.
- Build reusable and maintainable UI components using Mantine UI and modern frontend development practices.
- Integrate REST APIs and collaborate with backend engineers to deliver reliable data-driven application workflows, validations, and error handling.
- Contribute to backend development using Python and FastAPI, building hands-on experience with API development and full-stack application workflows.
- Work with SQL and databases including PostgreSQL, MySQL, and MongoDB to support application data and backend services.
- Optimize application performance through lazy loading, code splitting, reusable architecture, and frontend best practices.
- Collaborate with designers and product teams to translate Figma designs and requirements into responsive, production-ready user experiences.
- Use Git and CI/CD workflows to manage code changes, collaborate across teams, and support efficient software delivery.
- Participate in Agile ceremonies including stand-ups, sprint planning, retrospectives, debugging, code reviews, and architectural discussions.

Front-End Developer | KR PETEYE LLP

Jan 2024 – Apr 2025 | Hyderabad, India

- Engineered responsive web applications optimized for desktop and mobile devices using ReactJS, JavaScript, HTML, CSS, and Tailwind CSS.
- Built interactive and reusable UI components that improved consistency, maintainability, and user experience across applications.
- Designed and implemented data management workflows for dynamic web applications, enabling reliable data flow and user interactions.
- Contributed to e-commerce platform development by implementing intuitive navigation, interactive product experiences, and responsive UI/UX features.
- Collaborated with designers using Figma to convert high-fidelity designs into pixel-accurate, functional web interfaces.
- Integrated APIs and supported application data workflows while collaborating with backend developers on end-to-end feature delivery.
- Used Git for version control and team collaboration, maintaining a stable and scalable codebase.

Project Engineer | Wipro Ltd.

Dec 2021 – May 2023 | Hyderabad, India

- Developed dynamic and responsive user interfaces using HTML, CSS, JavaScript, and ReactJS across web applications.
- Engineered modular and reusable UI components to streamline development and maintain design consistency.
- Collaborated with cross-functional teams, designers, and backend developers to translate requirements into functional solutions.
- Applied debugging and performance optimization practices to identify and resolve application issues.
- Participated in Agile development practices including daily stand-ups, sprint planning, and retrospectives.
- Used Git for source control, code collaboration, and maintaining stable application releases.

TECHNICAL SKILLS

Frontend: ReactJS, Next.js, TypeScript, JavaScript, HTML5, CSS3, Redux, Tailwind CSS, Mantine UI, Micro Frontend Architecture, Responsive Web Design

Backend: Python, FastAPI, REST APIs, API Integration

Databases: SQL, PostgreSQL, MySQL, MongoDB

Engineering: Git, CI/CD, Performance Optimization, Lazy Loading, Code Splitting, Agile, Figma

EDUCATION

Bachelor of Technology (B.Tech.) in Computer Science and Engineering | Malla Reddy Institute of Technology and Science | Jul 2017 – Aug 2021 | Hyderabad, India

CERTIFICATIONS

- ReactJS Certification | Edyoda LMS | Aug 2023
- Web Developer Certification | Edyoda LMS | Jun 2023
